

Wyoming Log Home Manufacturing Company

Grand Teton

This spacious log cabin is for the smaller family that likes to spread out. The large open floor plan allows for easy visuals from the kitchen, through the dining room and into the living area. There are two bedrooms, 2 ½ baths and 1,760 square feet of wraparound covered porches that almost doubles your living area during the warmer months. Both the loft and upstairs bedroom have 170 square feet of balconies for viewing.
